Dear Jennifer,

I wish to thank you for your kind assistance during the "Taste of Hungary" dinner and wine tasting event last week at the Library of Congress.

Your professional presentation of the various Hungarian wines and wineries was an invaluable addition to the experience of the dinner. Your deep knowledge and passion towards wine and history were all very keenly visible to the audience. Needless to say, based on the feedback received, the dinner was one of the most successful events in the commemorative series of the 60th Anniversary of the 1956 Hungarian Revolution and Freedom fight.

Once again, I very much appreciate and thank you for your support, and wishing you all the best in your professional career.

Sincerely yours,

Dr. Réka Szemerkenyi
